कल नं. - ५

Proposed project has been considered by SEIAA in its 61st meeting decided to accord environmental clearance to the said project under the provisions of Environment Impact Assessment Notification, 2006 subject to implementation of the following conditions:-

दस्ता क्र. ८८०/२०१५

1) This environmental clearance is valid subject to land use verification. Local planning authority should ensure this with respect to Rules, Regulations, Notifications, Government Resolutions, Orders, etc. issued if any. The environmental clearance issued being subject to environmental consideration and it does not mean that State Level Impact Assessment Authority (SEIAA) approved the proposed land use.

- (vi) The height of construction built up area of proposed construction shall be in accordance with the existing FSI/FAR norms of the urban local body & it should ensure the same along with survey number before approving layout plan & before according commencement certificate to proposed work. Planning approving authority should also ensure the zoning permissibility for the proposed project as per the approved development plan of the area.
- (vii) "Consent for Establishment" shall be obtained from Maharashtra Pollution Control Board under Air and Water Act and a copy shall be submitted to the Environment department before start of any construction work at the site.
- (viii) All required sanitary and hygienic measures should be in place before starting construction activities and to be maintained throughout the construction phase.
- (ix) Project proponent shall ensure completion of STP, MSW disposal facility, green belt development prior to occupation of the buildings. No physical occupation or allotment will be given unless all above said environmental infrastructure is installed and made functional including water requirement in Para 2. Prior certification from appropriate authority shall be obtained.
- (x) Provision shall be made for the housing of construction labour within the site with all necessary infrastructure and facilities such as fuel for cooking, mobile toilets, mobile STP, safe drinking water, medical health care, crèche and First Aid Room etc.
- (xi) Adequate drinking water and sanitary facilities should be provided for construction workers at the site. Provision should be made for mobile toilets. The safe disposal of wastewater and solid wastes generated during the construction phase should be ensured.
- (xii) The solid waste generated should be properly collected and segregated. Dry/inert solid waste should be disposed off to the approved sites for land filling after recycling recyclable material.
- (xiii) Wet garbage should be treated by Organic Waste Converter and treated waste (manure) should be utilized in the existing premises for gardening. And, the wet garbage will be disposed outside the premises. Local authority should ensure this.
- (xiv) Arrangement shall be made that waste water and storm water do not get mixed.
- (xv) All the topsoil excavated during construction activities should be stored for use in horticulture / landscape development within the project site.
- (xvi) Additional soil for levelling of the proposed site shall be generated within the sites (to the extent possible) so that natural drainage system of the area is protected and improved.

- (xiv) Green Belt Development shall be carried out considering CPCB guidelines including selection of plant species and in consultation with the local DFU/ Agriculture Dept.
- (xv) Disposal of muck during construction phase should not create any adverse effect on the neighboring communities and be disposed taking the necessary precautions for general safety and health aspects of people, only in approved sites with the approval of competent authority.
- (xvi) Soil and ground water samples will be tested to ascertain that there is no deterioration of ground water quality by leaching of heavy metals and other toxic contaminants.
- (xvii) Construction spoils, including bituminous material and other hazardous material, must not be allowed to contaminate watercourses and the dumpsites for such material must be secured so that they should not leach into the ground water.
- (xviii) Any hazardous waste generated during construction phase should be disposed off as per applicable rules and norms with necessary approvals of the Maharashtra Pollution Control Board.
- (xix) The diesel generator sets to be used during construction phase should be low sulphur diesel type and should conform to Environment (Protection) Rules prescribed for air and noise emission standards.
- (xx) The diesel required for operating DG sets shall be stored in underground tanks and if required, clearance from concerned authority shall be taken.
- (xxi) Vehicles hired for bringing construction material to the site should be in good condition and should have a pollution check certificate and should conform to applicable air and noise emission standards and should be operated only during non-peak hours.
- (xxii) Ambient noise levels should conform to residential standards both during day and night. Incremental pollution loads on the ambient air and noise quality should be closely monitored during construction phase. Adequate measures should be taken to reduce ambient air and noise level during construction phase, so as to conform to the stipulated standards by CPCB/MPCB.
- (xxiii) Fly ash should be used as building material in the construction as per the provisions of Fly Ash Notification of September 1999 and amended as on 27th August 2003. (The above condition is applicable only if the project site is located within the 100km of Thermal Power Stations).
- (xxiv) Ready mixed concrete must be used in building construction.
- (xxv) The approval of competent authority shall be obtained for structural safety of the buildings due to any possible earthquake, adequacy of fire fighting equipments etc. as per National Building Code including measures from lighting.
- (xxvi) Storm water control and its re-use as per CGWB and BIS standards for various applications.
- (xxvii) Water demand during construction should be reduced by use of pre-mixed concrete, curing agents and other best practices referred.
- (xxviii) The ground water level and its quality should be monitored regularly in consultation with Ground Water Authority.
- (xxix) The installation of the Sewage Treatment Plant (STP) should be certified by an independent expert and a report in this regard should be submitted to the Ministry before the project is commissioned for operation. Treated effluent emanating from STP shall be recycled/refused to the maximum extent possible. Discharge of this unused treated effluent, if any should be discharge in the sewer line. Treatment of HP's gray water by decentralized treatment should be done. Necessary measures should be made to mitigate the odour problem from STP.
- (xxx) Local body should ensure that no occupation certification is issued prior to operation of STP/MSW site etc. with due permission of MPCB.

- (xxxi) Permission to draw ground water shall be obtained from the competent Authority prior to construction/operation of the project.
- (xxxii) Separation of gray and black water should be done by the use of dual plumbing line for separation of gray and black water.
- (xxxiii) Fixtures for showers, toilet flushing and drinking should be of low flow either by use of sensors or pressure reducing devices or sensor based control.
- (xxxiv) Use of glass may be reduced up to 40% to reduce the electricity consumption and load on air conditioning, if necessary, use high quality double glass with special reflective coating in windows.
- (xxxv) Roof should meet prescriptive requirement as per Energy Conservation Building Code by using appropriate thermal insulation material to fulfill requirements.
- (xxxvi) Energy conservation measures like installation of CFLs/TFLs for the lighting in areas outside the building should be integral part of the project design and should be in place before project commissioning. Use CFLs and TFLs should be project collected and disposed off/ sent for recycling as per the prevailing guidelines issued by the regulatory authority to avoid mercury contamination. Use of solar panels may be done to the extent possible like installing solar street lights, common water heating system. Project proponent should install, after checking feasibility, solar photovoltaic hybrid non conventional energy source, as source of energy.
- (xxxvii) Direct power generating sets proposed as source of back up power for elevators and common area illumination during operation phase should be of enclosed type and conform to rules made under the Environment (Protection) Act, 1986. The height of stack of DG sets should be equal to the height needed for the combined capacity of all proposed DG sets. Use low sulphur diesel. The location of the DG sets may be decided with in consultation with Maharashtra Pollution Control Board.
- (xxxviii) Noise should be controlled to ensure that it does not exceed the prescribed standards. During nighttime the noise levels measured at the boundary of the building shall be restricted to the permissible levels to comply with the prevalent regulations.
- (xxxix) Traffic congestion near the entry and exit points from the roads adjoining the proposed project site must be avoided. Parking should be fully interlocked and no public space should be utilized.

- (xl) A complete set of all the documents submitted to Department should be forwarded to the MPCB.
- (xli) In the case of any change(s) in the scope of the project, the project would require a fresh approval by this Department.
- (xlii) A separate environment management cell with qualified staff shall be set up for implementation of the stipulated environmental safeguards.
- (xliiii) Separate funds shall be allocated for implementation of environmental protection measures/EAMP along with item-wise break-up. These cost shall be included in the cost of the project cost. The funds earmarked for the environmental protection measures shall not be diverted for other purposes and year-wise expenditure should reported to the MPCB & this department.

REPORT ON TITLE

Re: Property comprised in land bearing various Survey numbers, Hissa numbers and admeasuring lying being and situated at Village Khoni and Hedutane, Taluka Kalyan, District - Thane.

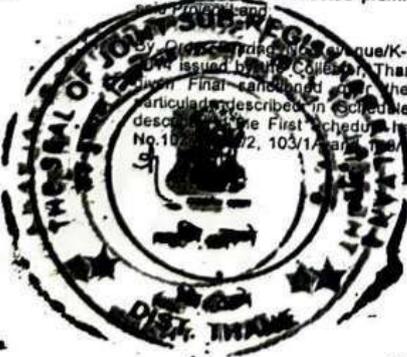

- I have investigated on the instructions and behalf of Lodha Hi-Rise Builders Private Limited, in respect to the title of the various individual Land Owners/Holders, whose names are mentioned in Column "A" of the FIRST AND SECOND SCHEDULE hereunder written, with respect to their respective land mentioned against their respective names bearing diverse Survey numbers, Hissa numbers and areas lying being and situated at Village Khoni and Hedutane acquired by Lodha Dwellers Private Limited (LDWPL) and Mahavir Build Estate Private Limited (Mahavir) being subject matter of the Agreement/Conveyances mentioned in Column "E" of the said Schedules jointly referred to as a Larger Property portion of which are more particularly mentioned in Column "B", "C" and "D" of FIRST AND SECOND SCHEDULE hereto. For the sake of brevity lands mentioned in the First and Second Schedules are collectively referred to as "the said Project Land".
- For the purpose of investigation, I have perused and verified the following documents in connection to the said Project Land.
 - 7/12 Extracts (Record of Rights) and 6/12 extracts (Mutation Entries) recorded thereon in respect of the said Project Land and devolution of title by Land Holders/Owners to the respective land forming a part of the said Project Land.
 - Originals and/or Certified true copies (as the case may be) of the relevant documents viz. Deed of Conveyance, Development Agreements, Agreements for Sale, Deed of Confirmations, Declarations and Powers of Attorney & other ancillary documents mentioned in the Column "E" associated and registered with concerned Sub-Registrar by respective said Land Holders/Owners in favour of Lodha Dwellers Pvt. Ltd. and Lodha Group Company viz. Mahavir Build Estate Private Limited as Developers/Purchasers as mentioned in the Column "F" of the First and Second Schedules hereto in connection with the said Project Land which forming a part of the Larger Property acquired by said LDWPL and Mahavir;
- Permissions under Sections (1A) of Section (1) under Bombay Tenancy and Agricultural Land Act, 1948 and revocation thereto issued by the Competent Authority, Department of Revenue and Forest, for acquisition of the said Larger Property which includes Project Land.
- I have also caused the search of record at the appropriate Sub-Registrar Office at Kalyan and Thane for 30 years or thereabouts.
- Besides, I have gathered information and explanation in respect of the said Project Land.
- On perusal of the various (i) 7/12 extracts (Record of Rights), (ii) Mutation Entries (6/12 extracts), and on the basis of Search Reports for the period from 1984 to 2013 and information and explanation given to me as well as representation made in this behalf, in my view the said landholders/owners of the said Larger Land comprised in Survey Numbers and Hissa Numbers which include Project Land mentioned in the First and Second Schedule against their respective names, are well and sufficiently came to be entitled to their respective land by inheritance and/or Purchase, as the case may be.
- Those said individual landholders/owners have executed and registered with the Sub-Registrar of Kalyan and Thane, separate and distinct Agreements for Sale, Development Agreements, Conveyance Deeds, Powers of Attorney for Development and sale (as shown in Column "E" of First and Second Schedule hereto) in respect of their individual land comprise of Survey Numbers and Hissa Numbers being referred as Larger Land hereto which includes Project Land mentioned in the First and Second Schedule hereunder written along with incidental documents Deeds of Confirmation, Declarations, letter of possession thereto of their respective land with Lodha Dwellers Pvt. Ltd and/or Mahavir Build Estate Private Limited as the case may be.
- Pursuant to the said documents, the said Land Holders/Owners have handed over possession of their respective land which includes Project Land to the said Purchasers / Developers.
- By Declaration/Supplementary Agreement dated 14/08/2013 by Mahavir Build Estate Private Limited in favour of Lodha Dwellers Private Limited (LDPL) and registered under No.KLN1-5588/2013 inter alia declaring that Mahavir Build Estate Private Limited is associated with LDPL and shall develop the said
