VALUATION:**1. LEASEHOLD LAND:**

The land is on lease for period of 28 years 6 months commencing from 12th July 2010. taken from Padamshri Dr. Vitthalrao Vikhe Patil Sahakari Karkhana Limited.

S. No	Description	Unit
1	Area of Land	2,05,700 sq mtrs
2	Rate considered for valuation	Rs. 500/ sq mtrs
3	Value of Land	Rs. 10,28,50,000/-

Note:

- The unexpired period of lease for land is 15 years.
- On maturity of lease land will vest back to Lessor.
- As per lease terms the lessee would demolish the building erected on the Lessor's plot and would handover possession of open vacant land to the Lessor on maturity of lease period.

The Value of the Lessor's interest in land:

1. Capitalized value of lease rent receivable from the lessee under lease contract for the unexpired period of lease.
2. Present value of the right of reversion of land and building to Lessor on maturity of lease period.

Value of lease rent income for 15 years is derived by capitalizing income @7%

$$\text{Capitalized rental value} = \text{Rs. } 5,08,100 \times 9.1079$$

$$= \text{Rs. } 46,27,724/-$$

Think.Innovate.Create

Deferring Value @ 7% for 15 years

$$\text{Revisionary Value of Land} = \text{Rs. } 10,28,50,000 \times 0.3624$$

$$= \text{Rs. } 3,72,72,840/-$$

$$\text{Total Value of Lessor's Interest} = \text{Rs. } 49,60,580 + \text{Rs. } 3,72,72,840$$

$$= \text{Rs. } 4,19,00,564/-$$

The Value of the Lessee's interest in land:

1. The Property is not rented but is self-occupied by the lessee for Industrial use, value of lessee's right will have to be worked out by calculating depreciated present worth of the structure erected on the land. However future life of structure will be co-terminus with the maturity date of the lease and not based on actual physical life of the building.

The Value of the Lessee's interest = Total Value – Lessor's interest

= Rs. 10,28,50,000 – Rs. 4,19,00,564

= Rs. 6,09,49,436/-

Value of Leasehold Land: Rs. 6,09,49,436/- (Rupees Six Crores Nine Lakhs Forty Nine Thousand Four Hundred and Thirty Six Only)

Note: Lease interest is based on assumption of going concern over a period of lease period. However, over a period of time to lease expiry period lessee interest is limited to building structure only.

Remarks			

Proposed development potential method is adopted for valuation. In this method we have analyzed the development potential of land in terms of FSI Applicable and other development control regulations are taken into consideration. Accordingly, we have calculated development potential as a commercial cum residential project development. As the subject location is very premium for commercial showroom and residential project, we have considered the same for evaluation process.

We have considered prevailing market rates Industrial properties for calculation of sale price.

Assumptions, Disclaimers, Limitations & Qualifications

Value Subject to Change

The subject appraisal exercise is based on prevailing market dynamics as on **04th March 2024** and does not take into account any unforeseeable developments which could impact the same in the future.

Our Investigations

We are not engaged to carry out all possible investigations in relation to the subject property. Where in our report we identify certain limitations to our investigations, this is to enable the reliant party to instruct further investigations where considered appropriate or where we recommend as necessary prior to reliance. Vastukala Consultants India Pvt. Ltd. (VCIPL) is not liable for any loss occasioned by a decision not to conduct further investigations

Assumptions

Assumptions are a necessary part of undertaking valuations. VCIPL adopts assumptions for the purpose of providing valuation advise because some matters are not capable of accurate calculations or fall outside the scope of our expertise, or out instructions. The reliant party accepts that the valuation contains certain specific assumptions and acknowledge and accept the risk of that if any of the assumptions adopted in the valuation are incorrect, then this may have an effect on the valuation.

Information Supplied by Others

The appraisal is based on the information provided by the client. The same has been assumed to be correct and has been used for appraisal exercise. Where it is stated in the report that another party has supplied information to VCIPL, this information is believed to be reliable but VCIPL can accept no responsibility if this should prove not to be so.

Future Matters

To the extent that the valuation includes any statement as to a future matter, that statement is provided as an estimate and/or opinion based on the information known to VCIPL at the date of this document. VCIPL does not warrant that such statements are accurate or correct.

Map and Plans

Any sketch, plan or map in this report is included to assist the reader while visualising the property and assume no responsibility in connection with such matters.

Site Details

Based on inputs received from Client's representative and site visit conducted, we understand that the subject property is currently a contiguous and non-agricultural land parcel admeasuring **2,05,700.00 Sq. M.** and structures thereof. The property is owned by M/s. Max Signage Industries Pvt. Ltd. At present, the property is Owner occupied. Further, VCIPL has assumed that the subject property is free from any encroachment and is available as on the date of the appraisal.

Property Title

Based on our discussion with the Client, we understand that the property is owned by M/s. Max Signage Industries Pvt. Ltd. For the purpose of this appraisal exercise, we have assumed that the subject property has a clear title and is free from any encumbrances, disputes and claims. VCIPL has made no further enquiries with the relevant local authorities in this regard and does not certify the property as having a clear and marketable title. Further, no legal advice regarding the title and ownership of the subject property has been obtained for the purpose of this appraisal exercise. It has been assumed that the title deeds are clear and marketable.

Environmental Conditions

We have assumed that the subject property is not contaminated and is not adversely affected by any existing or proposed environmental law and any processes which are carried out on the property are regulated by environmental legislation and are properly licensed by the appropriate authorities.

Town Planning

The permissible land use, zoning, achievable FSI, area statement adopted for purpose of this valuation is based on the information provided by the Client's representative and the same has been adopted for this valuation purpose. VCIPL has assumed the same to be correct and permissible. VCIPL has not validated the same from any authority.

Area

Based on the information provided by the Client's representative, we understand that the subject property is contiguous and non-agricultural land parcel admeasuring **2,05,700.00 Sq. M.** and structure thereof.

Condition & Repair

In the absence of any information to the contrary, we have assumed that there are no abnormal ground conditions, nor archaeological remains present which might adversely affect the current or future occupation,

development or value of the property. The property is free from rat, infestation, structural or latent defect. No currently known deleterious or hazardous materials or suspect techniques will be used in the construction of or subsequent alteration or additions to the property and comments made in the property details do not purport to express an opinion about, or advise upon, the condition of uninspected parts and should not be taken as making an implied representation or statement about such parts

Valuation Methodology

For the purpose of this valuation exercise, the valuation methodology used is Proposed development potential Method and proposed Highest and Best Use model is used for analysing development potential.

In this method we have analysed the development potential of land in terms of FSI Applicable, TDR, Fungible FSI and other development control regulations are taken into consideration. Accordingly we have calculated development potential as a commercial cum residential project development. As the subject location is very premium for commercial showroom and residential project, we have considered the same for evaluation process. We have considered prevailing market rates for residential & commercial properties for calculation of sale price.

In case of inadequate recent transaction activity in the subject micro-market, the appraiser would collate details of older transactions. Subsequently, the appraiser would analyse rental / capital value trends in the subject micro-market in order to calculate the percentage increase / decrease in values since the date of the identified transactions. This percentage would then be adopted to project the current value of the same.

Where reliance has been placed upon external sources of information in applying the valuation methodologies, unless otherwise specifically instructed by Client and/or stated in the valuation, VCIPL has not independently verified that information and VCIPL does not advise nor accept it as reliable. The person or entity to whom the report is addressed acknowledges and accepts the risk that if any of the unverified information in the valuation is incorrect, then this may have an effect on the valuation.

Not a Structural Survey

We state that this is a valuation report and not a structural survey

Other

All measurements, areas and ages quoted in our report are approximate

Legal

We have not made any allowances with respect to any existing or proposed local legislation relating to taxation on realization of the sale value of the subject property. VCIPL is not required to give testimony or to appear in court by reason of this appraisal report, with reference to the property in question, unless arrangement has been made thereof. Further, no legal advice on any aspects has been obtained for the purpose of this appraisal exercise

Property specific assumptions

Based on inputs received from the client and site visit conducted, we understand that the subject property is currently owner occupied, contiguous and non-agricultural land parcel admeasuring **2,05,700.00 Sq. M.** and structure thereof
