5.	<p>Brief description of the property (Including Leasehold / freehold etc.): Freehold land</p> <p>About Location: Goregaon is a suburb of Mumbai city, in the Mumbai Suburban district of India. It has a railway station on the Mumbai suburban railway on the Western Line. An extension of the Harbour Line was completed in 2018 due to which it has regular trains to CSMT. This is in addition to existing trains to Churchgate on the Western Line. Owing to rapid urbanization (mainly due to construction of metro lines) and the growing population of metropolitan Mumbai, Goregaon, which was once a hilly forest region is now a crowded suburb of Mumbai.</p> <p>Mumbai local trains originate and terminate at Goregaon. Platforms 1 and 2 operate slow trains towards Churchgate and CSMT whereas Platform 7 operates fast trains towards Churchgate.</p> <p>Marathi is the most spoken language in Goregaon. East Indian communities, Panchkalshi or Somvanshi Kshatriya Pathare (SKP) and Koli's are the native people of this area.</p> <p>Transport: Goregaon Railway Station is the transport hub of Goregaon. The station currently has seven platforms, two of which are new harbor-line platforms, and was expanded as a part of the Harbour Line extension (under MUTP 2) from Andheri. The expansion, involving two additional platforms and an elevated deck with passenger amenities (on the western side of the existing station) was completed in 2018.</p> <p>A recently constructed skywalk connects one of the foot-over-bridges to S. V. Road near Citi Centre, a shopping complex near the M. G. Road junction. BEST has bus stations on both the Western and the Eastern sides of the railway station. Goregaon Bus Depot, however, is located away from the railway station, on Link Road. The link road has seen an increase in the traffic of late after the commencement of the Mumbai Metro construction work.</p> <p>There is a new flyover at Ram Mandir Road, connecting Goregaon West and Goregaon East. In addition, Ram Mandir railway station is operational since December 2016. The next important transport project for Goregaon will be the GMLR (Goregaon Mulund Link Road) which will be a 5km underground road consisting of two tunnels each having three lanes. This road will link Goregaon to Bhandup. The upcoming Metro line (Line 2) between Dahisar to Mankhurd will further improve the connectivity of this western suburb with the far-off eastern suburbs of the city. Currently, this section of the Metro Rail Project is under construction.</p> <p>TYPE OF THE BUILDING:</p> <table border="1" data-bbox="295 1757 1412 1859"> <thead> <tr> <th data-bbox="295 1757 558 1791">Building</th> <th data-bbox="558 1757 1412 1791">Number of Floors</th> </tr> </thead> <tbody> <tr> <td data-bbox="295 1791 558 1859">Navnath Nandikesh</td> <td data-bbox="558 1791 1412 1859">Proposed Residential Building of Ground Floor + 1st Floor to 13th Upper Floor as per Approved Plan.</td> </tr> </tbody> </table>		Building	Number of Floors	Navnath Nandikesh	Proposed Residential Building of Ground Floor + 1 st Floor to 13 th Upper Floor as per Approved Plan.

Justification for price /rate

The Market Value of the property is based on facts of markets discovered by us during our enquiries, however the government rate value in this case is less than the market value arrived by us. We are of the opinion that the value arrive by us will prove to be correct if an Auction of the subject property is carried out. As far as Market Value in Index II is concerned, it is not possible to comment on same, may be government rates are fixed by sampling during same point of time in part and whereas, Market values change every month.

In most of the cases the actual deal amount or Transaction value is not reflected in Index II because of various Market practices. As Valuer, we always try to give a value which is correct reflection of actual transaction value irrespective of any factors in market.

We hope this will satisfy your requirements.

As a result of my appraisal and analysis, it is my considered opinion that the realizable Value of the above property in the prevailing condition with aforesaid specification is **(As per table attached to the report)**

For the purpose of this valuation exercise, the valuation methodology used is Direct Comparison Approach Method and proposed Highest and Best Use model is used for analysing development potential.

The Direct Comparison Approach involves a comparison of the property being valued to similar properties that have actually been sold in arms - length transactions or are offered for sale. This approach demonstrates what buyers have historically been willing to pay (and sellers willing to accept) for similar properties in an open and competitive market and is particularly useful in estimating the value of the land and properties that are typically traded on a unit basis.

In case of inadequate recent transaction activity in the subject micro-market, the appraiser would collate details of older transactions. Subsequently, the appraiser would analyse rental / capital value trends in the subject micro-market in order to calculate the percentage increase / decrease in values since the date of the identified transactions. This percentage would then be adopted to project the current value of the same.

Where reliance has been placed upon external sources of information in applying the valuation methodologies, unless otherwise specifically instructed by Client and/or stated in the valuation, VCIPL has not independently verified that information and VCIPL does not advise nor accept it as reliable. The person or entity to whom the report is addressed acknowledges and accepts the risk that if any of the unverified information in the valuation is incorrect, then this may have an effect on the valuation.

DEFINITION OF VALUE FOR THIS SPECIFIC PURPOSE

This exercise is to assess **Master Valuation** of the property under reference as on **13th January 2025**.

The term **Fair Market Value** is defined as

"The most probable price, as of a specified date, in cash, terms equivalent to cash, or in other precisely revealed terms for which the specified property rights would sell after reasonable exposure in a competitive market under all conditions requisite to a fair sale, with the buyer and seller each acting prudently knowledgeably and for self-interest assuming that neither is under undue duress".

Fundamental assumptions and conditions presumed in this definition are:

1. Buyer and seller are motivated by self-interest.
2. Buyer and seller are well informed and are acting prudently.
3. The property is exposed for a reasonable time on the open market.
4. Payment is made in cash or equivalent or in specified financing terms.

DECLARATION OF PROFESSIONAL FEES CHARGED

We hereby declare that, our professional fees are not contingent upon the valuation findings. However, if the statute AND/OR clients demands that, the fees should be charged on the percentage of assessed value then, with the full knowledge of the AND/OR end user, it is being charged accordingly.

VALUATION OF THE PROPERTY PREMISES

Considering various parameters recorded herein above, existing economic scenario, and the information that is available with reference to the development of neighborhood and method selected for valuation, we are of the opinion that, the property premises can be assessed and valued for this particular purpose as per the details provided.
