The sales comparison approach uses the market data of sale prices to estimate the value of a real estate property. Property valuation in this method is done by comparing a property to other similar properties that have been recently sold. Comparable properties, also known as comparables, or comps, must share certain features with the property in question. Some of these include physical features such as square footage, number of rooms, condition, and age of the building; however, the most important factor is no doubt the location of the property. Adjustments are usually needed to account for differences as no two properties are exactly the same. To make proper adjustments when comparing properties, real estate appraisers must know the

differences between the comparable properties and how to value these differences. The sales comparison approach is commonly used for Residential Flat, where there are typically many comparables available to analyze. As the property is a Residential Flat, we have adopted Sale Comparison Approach Method for the purpose of valuation. The Price for similar type of property in the nearby vicinity is in the range of ₹ 7,300.00 to ₹ 8,400.00 per Sq. Ft. on Carpet Area / ₹ 6,600.00 to ₹ 7,700.00 per Sq. Ft. on BuiltUp Area. Considering the rate with attached report, current market conditions, demand and supply position, Flat size, location, upswing in real estate prices, sustained demand for Residential Flat, all round development of Residential and Commercial application in the locality etc. We estimate ₹6,703.00 per Sq. Ft. on Built Up Area for valuation.

As a result of my appraisal and analysis, it is my considered opinion that the value of the above property in the prevailing condition with aforesaid specifications is **₹51,27,795.00 (Rupees Fifty One Lakh Twenty Seven Thousand Seven Hundred Ninety Five Only)**. The **Realizable Value** of the above property is **₹46,15,016.00 (Rupees Forty Six Lakh Fifteen Thousand Sixteen Only)**. The **Distress Value** is **₹41,02,236.00 (Rupees Forty One Lakh Two Thousand Two Hundred Thirty Six Only)**.
